EUROMOT represents the leading manufacturers of internal combustion engines used in a broad range of nonroad, marine and stationary applications (construction, mining and material handling equipment, trucks and buses, agricultural and forestry equipment, commercial marine and seagoing vessels, workboats and pleasure boats, rail traction, lawn/garden and recreational equipment, power generation). Our members employ all over the world about 200,000 highly skilled and motivated men and women, their annual engine-related turnover exceeds 25 bn euros.

EUROMOT has been working for many years with regional and international regulatory bodies, eg the European Commission, US EPA, the United Nations' Economic Commission for Europe (UNECE) and International Maritime Organization (IMO), and with national governments to provide reliable know-how on advanced internal combustion engine technologies in general and, in particular, on the feasibility of environmental as well as cost-effective product regulations.

EUROMOT is a European Interest Representative (EU Transparency Register Id. No. 6284937371-73) and a Non Governmental Organisation in observer status with the UN Economic Commission for Europe (UNECE) and the International Maritime Organisation (IMO).
